

VSCA Human Rights Project

Counselors Care!

This year's VSCA Human Rights project will focus on generating funds to donate to "Just 4 Kids", a community outreach program located in Monroe County, Florida. That area of Key West was devastated by Hurricane Wilma. Just 4 Kids provides clothing, school supplies, hygiene items and special needs to children who have been referred for assistance by teachers and counselors in the area. Please help them help their students. Mark your contribution on the conference registration form.

Thank You!
